Assessment - Land revenue - Bellary district - Fasli 1344 - Dry assessment remission.

Board's Ref.No.M.72/35.2 dated 5.2.35.
G.O.No. 384 Press Revenue dated 11.2.35.

I submit herewith talukwar lists of ryotvari villages in each of the four groups A to D given in the statement in para 2 of the Board's reference.

2. The probable amount involved in the concession granted by Government is Rs.5,22,750. Talukwar particulars of remission are furnished in the statement appended.

3. 8 villages in Siruguppa Taluk and 16 villages in Hospet taluk have been excluded from the scope of this concession on the ground that the conditions of water supply in these villages have been satisfactory. Of these 24 villages the villages noted below are purely dry with no irrigation facilities and no concession for them was recommended in para 7 of my report as these villages had exactly four annas outturn and deserved no exceptional treatment from the surrounding tract coming under C and D groups.

Siruguppa Taluk.	Class.	Probable amount involv
1. Bagavadi.	B	4472
2. Kesarakoni.	B	406
3. Boggur.	B	1738
4. Venkatapuram.	B	614
5. Hatcholli.	B	3928
6. Ravihal.	B	4084
7. Beeravalli.	B	1327
8. Bhyragamdinne.	B	1116

17685

P.T.O.

Hospet taluk.	Class.	Probable amount involved.
1. Kotiginahal.	B	277
2. Gonahal.	B	279
3. Gadiganur.	B	452
4. Kurekuppe.	B	749
5. Tornagallu.	B	770
		2527

The villages coming under C and D were totally excluded and no concession was recommended for them. Now that Government have extended the concession to these villages, I consider that the above 13 villages also deserve the concession allowed to B group villages in as much as they are purely dry and their average outturn is four annas. I therefore recommend that 50% remission may be granted to them. The amount involved is noted against each village.

4. The following four villages coming under C & D groups

1. Siruguppa
2. Desanur.
3. Kenchanaguddam.

Siruguppa Taluk.

4. Aniveri. — Hospet Taluk.

are now given 25% remission.

But these are wet villages commanding irrigation facilities from the Thungabhadra River channels. As they were totally excluded for any concession in the previous report, this point was not specified. I suggest that the concession granted in respect of these villages may be withdrawn as (in the case of) 11 out of 24 villages referred to in the G.O.

5. As regards the collection of balance left over after remission I submit the following proposals for favourable consideration in view of the general distress in the district.

(i) A group villages:

The balance of 25% to be postponed to the next fasli. There was a total failure of crops in these villages and the ryots feel it a hardship to pay the balance.

(ii) B.Group villages:

Out of the balance, 25% to be postponed to next fasli and the remainder 25% to be collected in March or April 1935.

(iii) C & D group villages:

Out of the balance, 25% to be postponed to next fasli and the remainder 50% to be collected in March or April 1935. The Collection will be made in March 1935 in eastern taluks and in April '35 in Western taluks and Rayadrug.

6. I request that the concession now granted may be extended to unobjectionable sivajama lands and minor inams charged with full assessment or with quitrent or jodi equal to or more than the full assessment except those specified in the last sentence of B.P.O.14-6.

7. A separate report will be submitted regarding the modifications in the Budget called for by Government.

Refer ~~Order~~ ~~Ms.~~ ~~Resolution~~ ~~Rout.~~ No. M 1152/35-1, dated 26. 2. 1935.

Full Board

p 2cf

pbref (5)

In para 4 of his letter read above the Collector recommends that the concessions already granted to four villages (three villages in Siruguppa Tk and one village in Hospet Tk) under go C & D. may be withdrawn as these are wet villages & command irrigation facilities from the Tungabhadra river channels. The concession granted to these villages applies only to the drylands not protected by locks. ~~The Board~~ Moreover ~~considers that it is a lucky~~ it is not good policy to withdraw the concession

Which

which has once been given. The Bd therefore considers that the concessions already granted should stand

2 with reference to para 4 of his letter read above, the Collr is informed that the Bd. decided on the grant of remissions at the scales ordered after a very careful consideration of the question as to the degree of relief required by the ryts falling under the several groups with reference to the average prices (2) outturns. It is therefore unable to accept the Collrs recommendations for the grant of further concessions

proceedings (3)

3/ The Collector is informed that the concessions granted in Govt. No. Revenue 384, dated, dated 11.2.35 apply to the cases referred to in para 6 of his letter

4/ In their order No. Revenue 384, dated, dated 11.2.35 the Govt. accepted the Board's recommendation to exclude 24 villages in the Sirsi group and Hospet Tk from the proposal for the grant of dry remissions as they were in the midst of or very near the Tungabhadra channel ayacuts or under the ayacuts of large tanks in charge of the P.W.D. which received good supplies this year. The Collector now reports that of these 24 villages, the villages noted below are purely dry with no irrigation facilities.

The outturn in these villages

para 2 - p2ef was exactly four annas and the villages therefore fall ~~referred~~ ~~Gone~~ under group B ~~villages in~~ ~~which a remission of 50% of the~~ ~~dry assessment was granted~~ in the G.O. dated 11.2.35. ~~through~~ ~~surrounded by villages falling~~ ~~in groups C & D~~. The Collector

para 2 - p2ef recommends a remission of 50% of the dry assessment in these villages. The Board agrees with him and recommends remission of 50% of the assessment on all drylands other than manual wastes, topes and lands protected by wells in these villages.

BOARD OF REVENUE
2 MAR 1935
REVENUE AND SETTLEMENT

GOVERNMENT OF MADRAS

SECY.
2 MAR 1935

...ceived.....1935. Registered.....1935.

Abstract.

M 1779

Assessment - Land Revenue - (Bellary) - Fasli 1344 - Dry assessment - Remission - Extension to certain villages in Hospet and Siruguppa taluks - Sanctioned.

Revenue Department.

G.O.No.Press 550 dated the 1st March 1935.

Read the following papers:-

Again G.O.No.Press 384 Revenue, dated 11th February 1935.

From the Board of Revenue, Land Revenue and Settlement, Reference No.M. 1102/35-1, dated 26th February 1935.

****

ORDER:-

In G.O.Press 384 Revenue, dated 11th February 1935 the Government excluded from the grant of dry remission sanctioned in that order 24 ryotwari villages in the Siruguppa and Hospet taluks on the ground that the water supply in respect of them had been unsatisfactory. The Board of Revenue has now reported that the 13 villages mentioned in the Annexure are purely dry villages with no irrigation facilities, and has recommended that on the analogy of the orders issued in G.O. No.384 Revenue, dated 11th February 1935, 50% of the dry assessment in these villages should be remitted. The Government approve the recommendation of the Board of Revenue. The concession will not apply to mamul tastes, tobacco and lands protected by wells.

Siruguppa Taluk.

1. Bhagavadi ✓
2. Kasarakeni ✓
3. Boggur ✓
4. Venkatapuram ✓
5. Katcholli ✓
6. Anvihal ✓
7. Beerawalli ✓

Assessment. LR. F 1344 (Bellary) Dry assessment. further proposals.

pp1-3cf M. 1152. 53 from Collr.

[Rc. misc 695, dated 15.2.35 (S)
456, " 1.2.35 (C)]

To joint Secy.

pp1-2cf For the reasons stated in paras 3 and 4 of his letter the Collector of Bellary now recommends

p 2cf (1) Remission of 50% of the assessment on dry lands in 13 out of the 24 villages referred to by ~~the Collr~~ him in para 7 of his report at p 13 cf of (S)
and (2) withdrawal of the concessions granted to 4 villages (3 villages in Sirugappa Tk and 1 village in Hospet Tk)
The Collector also recommends suspension of a portion of the balance of the dry assessment due in this fasli from the villages in groups A to D in the Annexure to the G.O. at p 63 cf of (S).
The Collector's original recommendations

p 61 cf of (S) the concessions granted by the Govt.

and

and the further and additional Concessions recommended by the Collr. are summarised below:-

Groups	Collrs original recommendations.	Concessions granted by the Govt. (recommended by the Board)	Collrs further recommendations
A (167 villages). p63 ¶ (S)	Suspension of full drysession. p12 ¶ (S)	75% remission. p61 ¶ (S)	p2CF Balance of 25% with assd. to be postponed to the next fasli
B 258 villages. p63 ¶ (S)	Suspension 75% - balance to be collected in March 35. p12 ¶ (S)	50% remission. p61 ¶ (S)	p2CF Of the balance 25% to be postponed to the next fasli and the balance 25% to be Collected in March or Apl.
C 84 villages D 19 villages p63 ¶ (S)	No concession. p12 ¶ (S)	25% remission. p61 ¶ (S)	Of the balance 25% to be postponed to next fasli and the balance of 50% to be Collected in March or April. p3CF

In orders as to the recommendations to be made to the Govt.

2/ with reference to para 6 of his letter the Collector may be informed that the Concessions apply to the cases referred to. p3CF

For Bellary Dt. the village was taken as the unit (or basis) for purposes of granting remissions while in Anantapur the taluk was taken as the unit. For Bellary no village wise outturn p1 ¶ 6 ¶ (S) p13 ¶ 6 ¶ (C)

1/23 statements

statements were received from the Collrs.,
" 19-121 C.f.g (C) while for Anantapur these statements had
been received. A comparison of the
rates of remissions granted in the two
districts of taking the taluk as the unit in
either case may perhaps be useful. For
those taluks of Anantapur in which the
average outturn rated for the taluk as
p 9 n.o. of (C) a whole was less than one anna, full
p 131 C.f.g (C) remissions were granted. In no taluk
[Jewil entries on Fuse
yam & Hr 50 fb. n.o. of (S) of Bellary was the average outturn
less than + 2 annas. It is for
p 55 C.f. g (S) consideration whether 75% remission
already granted for the A group villages
will not be an adequate relief and whether
pp 2-3 C.f the Collector's recommendation to
postpone the balance of the 25% of the
assessment calls for support. It
may be pointed out in this con-
nection that apart from the 12½
remissions granted, the dry lands
will enjoy the further concession of
suspension of 1 anna in the rupee of the assessment
(gross assessment of the fasli) in accordance
with the general orders of the Govt.
granting suspensions of revenue
owing to the continuance of the economic
depression. In the A group villages

villages of Bellary, the ryot has therefore to pay this fasli only 3 annas on two rupees of the dry assessments. For 11 group villages of the Collr recommendation to suspend the entire kaluvu due is based on the assumption that there was a total failure of crops in these villages. An outturn of one anna and less is generally considered to be "total failure". The Collr did not report originally the actual average outturn of every village. In order to examine the point, village outturn statements may be necessary & may, if deemed necessary, be called for. para 5(i) - p 2 cf

Similar statements may be called for for the villages in the other groups also.

As it is not clear from the Collr's letter whether the general suspension for econo reasons of one anna in the rupee of the assessment, referred to above, was taken into consideration by the Collr, he may be asked about it.

The Collr's recommendations for the grant of concessions to 13 out of the 24 excluded villages and for the withdrawal pp1-2 cf para 4 - p 2 cf

Ile / 20/2 | of the concessions for four villages may be supported.

9/19.2.35

I agree with the note -

The Board bases its recommendation on the outturns or rather on the Classifica of the Villages adopted by the Collector. If further Concessions are to be recommend Village wise outturns Panes be submit by Collector.

Ile / 20/2

S / Mr

Reading between the lines of the note which has J. Secy's approval I find the following argument " Mr Stewart sent certain proposals based on outturns which he considered were if anything underestimates. The Bd. on the basis of the outturns reported by him recommended substantial remissions in preference to the rather more substantial suspensions recd. by Mr Stewart. In C. & D group villages the concessions were given through not recd. but the Coll. Remissions were recd. deliberately instead of suspensions as giving greater effective relief to the ryt- whose mind would not be burdened by arrears of revenue

hang over his head.

A [illegible] Rao
[illegible] and [illegible]
[illegible] experience of the D[illegible] and [illegible]
[illegible] any additional statistics [illegible]
He recommends the grant of suspension
which was deliberately rejected by
the Bd in addition to the
remissions granted.

I have it that the suggested
demand for village outturn figures
is merely an indirect method of
asking him what the deuce he is
up to. Otherwise I do not see how
the information that x villages in
A group have a 2 anna outturn and
y villages have an under 1 anna
outturn will tell us much more than
we know already.

As regards C's proposal that
part of the demands for B.C.D.
groups may be postponed like
March or April I do not see
how the matter will be in a

better point to ~~report~~ from them, except in the Black soil Talukas where the cotton crop is late and is expected to give some yield. (P 10 of 5)

I do not see that Colr. has given any reasons at all for his proposed suspensions except the "general distress in the Dt" but gives no figures to show that the "general distress" has increased since Mr Stewart sent his report. The rate of the increase of attendance at relief and test works in Bellary since the beginning of the year has not increased at the same rate as in Anantapur.

On the other hand some weight must be given to the opinion of the man on the spot. If Mr Z intends to visit the Dt. before 15th March - all collections in the villages where remission has been granted might be first pursued till March and the question might be discussed with the Colr. who could be told in the meantime to ~~propose what~~ give the data on which his proposals are based.

If Mr Z considers that any order

suspending the Revenue should be passed I will circulate to the full Bd.

Box

Suspension of the parish with the powers of the Bd.; but Govt should be consulted by do. as they the Bd. proposes to give any such suspension as they have framed accepted orders on the Bds proposals for removal or rather than suspension.

AW
21.2.35

M2

The proposals in para 5. of the Collr's letter recommending the postponement of the Collection of the unrecruited portions of Land Revenue in proper A & D should be turned down. Postponement even within the parish should be turned down.

The Collectors recommen

that the 13 villages mentioned in para 3 of his letter should get the same treatment as groups C & D may be accepted. But should the remission in that case not be 25% as for C & D groups?

As regards the 4 villages referred to in para 4 of his report, I cannot agree to withdrawing the concessions already given. That concession applies only to dry lands not protected by wells. Though if the Collr had reported the existence of unprotected wells in these villages originally, the concession would probably have been refused, it is bad policy to withdraw what has been given.

The Collr may be told that the concession granted apply to the cases referred in his para 6 of his letter.

I agree that the present Collr does not make out any strong case for additional

Concessions to the villages to which Concessions have already been granted and that it is not necessary (now decided) to call for detailed outturn figures.

It is with this in the Collector's mind in asking for postponement of takkavi loans beyond the fasli?

M
21.2

TOJS

M2's query at A on p9 ante

The outturn of these villages was exactly 4 annas. They therefore come under group B though surrounded by villages falling in groups C & D.... As the village was taken as the unit for purposes of relief and as these villages fall under group B, they are eligible for a remission of 50%

B

p2 of

50% may be recommended
M
22.2

2/ M2's query at B on p10 ante

The Collector's reply to the Board's Refce: dated 4.2.35, calling for proposals for the postponement of takkavi loans has not yet been received. He has

not put up
